

Friends,

Last week, George Bush was in Eastern Europe and, referring to his Comprehensive Amnesty bill he told the members of the press: "See you at the bill signing ceremony."

Well, a funny thing happened to George on the way to that bill signing...The American people got in his way.

Something else happened.

At a press conference back in the US, on Tuesday, George ***accidentally*** told the truth about the immigration bill. He said: "*You know, I've heard all the rhetoric – you've heard it, too – about how this is amnesty. Amnesty means that you've got to pay a price for having been here illegally, and this bill does that.*"

We all know that if there's anything George Bush *never* does, it's tell the truth. But here he was doing exactly that... by accident,..admitting that this WAS an amnesty.

You may remember many years ago Ann Richards, former Governor of Texas said of this man: "Poor George. He Cain't hep it. He was born with a silver foot in his mouth."

Well on Thursday June 28, the people of America took that silver foot out of Bush's mouth and gave him a good hard kick in the behind with it.

So, look around you. Look in front of you, to the side of you and in back of you and tell the other Americans who are near you: "Congratulations, friend, we did it. You helped, and I helped, and millions of other Americans helped, and together we told the Liar in Chief that it was time to go back to Texas."

Fellow patriots, George Bush is a little slow, so may not have figured it out yet. But at 11:04 a.m., on Thursday, the 28<sup>th</sup> day of June, two thousand and seven, in the Senate of the United States of America, the people of this country overcame the corrupt powers of Washington D.C., and through a vote of 53 to 46 told this wealthy, spoiled son of a privileged family that his Presidency was effectively over.

Now, America dodged a bullet on Thursday, but that doesn't mean any of us can rest. The wealthy people who want to destroy America's middle class aren't going to give up. The Ford Foundation, the ACLU, the Chamber of Commerce, LaRaza, MALDEF, George Soros, Catholic Charities, immigration lawyers, bankers, Western Union....all the profiteers, political extremists, race hustlers...they aren't going to quit trying to destroy the America we know.

So now is NOT the time to quit fighting.

Just because those people lost on Thursday does not mean Bush is going to start securing our borders. It does NOT mean he's going to try any harder to catch and deport illegal aliens. It does Not mean he's going to try to stop Arab terrorists from walking across our borders or from getting visas from Bush's accomplices in the State Department. It doesn't mean that George Bush is going to tell his so-called "Justice Department" to stop prosecuting Border Patrol Agents for doing their jobs. It does NOT mean Bush is going to tell the "Justice Department" to start prosecuting people who employ illegals.

And because he won't enforce the law, today, tomorrow and for a long time to come Americans are going to continue to be murdered, raped, shot, stabbed, beaten, or killed by drunk driving illegals.

Because of Bush's refusal to enforce the law, every single day, more and more people join the terrible group that I belong to. The terrible group I never wanted to be a part of... the group that consists of people whose family members have been murdered by illegal aliens who were allowed to enter this country because George Bush

and Bill Clinton are owned and controlled by the profiteers and race hustlers.

Friends, remember the dead. Remember those Americans who were killed or whose lives were shattered by violent acts committed by people Bush claims “just want to do jobs Americans won’t do.”

In less than two years we’ll be rid of George Bush. But then we’ll still be stuck with people like Senators Specter, Casey, Kennedy, Clinton, Lugar and the rest of that crowd that’s more interested in helping illegal aliens than protecting us from invasion.

So don’t stop fighting! Join with Americans like the people in front of you and beside you and make sure that this country survives the rest of the disaster known as the Bush presidency.

Remember, we, the members of 9/11 Families for a Secure America, the people who have already seen our loved ones sacrificed by Bush and Specter and Casey, we can’t always physically beside you when you lobby in Harrisburg or Washington. Or when you phone or fax your Representatives or Senators. But you can be sure that we will be there with you in spirit.

My friends, I will tell you that I know that whenever I speak to a group of Americans like you, I feel that my murdered son is looking over my shoulder and he’s telling me: “Thanks Dad. I know you’re doing this because you will always love me.”

And I ask all of you at all times to remember my son. And remember and the thousands of other innocent Americans who have been murdered or violated by violent illegals: Keep fighting for them. And  
**Never Forget!!**
