

## The A to Z of Why I Will Not Vote For Barack Hussein Obama

### A

**ACORN**. A corrupt organization. Obama has a longstanding relationship with them, directed public funds to them. It has done more to undermine the integrity of the American electoral system than even Obama's Chicago political allies.

**Ayers, William**. Despite Obama's lies about Ayers just being a "guy in my neighborhood," the fact is Obama's relationship to this murdering terrorist, co-founder of the Weather Underground, is close and of long standing.

### B

**Biden, Sen. Joe**. Third most left wing senator in the US Senate. Obama is the #1 leftist.

**Birth certificate**. IF a US birth certificate existed showing Obama was Constitutionally eligible to be president he would be flapping it around for everyone to see. Since he refuses to show it, the logical conclusion is that he was in fact born in Kenya as his grandmother claims.

**Bright, not very**. See: Biden, Joe

**Brown Shirts**. Adolph Hitler's private army of thugs who beat up opponents of Nazism to silence dissent. On July 17, 2008, Obama gave a speech saying the US needed a "Civilian National Security Force" just as powerful, just as strong, just as well funded" as the military "in order to meet the national security objectives that we set." Such an outfit would be worse than useless in any foreign action. Its only possible use could be for domestic purposes. Since we already have police forces, and the National Guard what could a Domestic National Security Force" possibly be used for other than suppressing dissent?

### C

**Castro, Fidel**. Obama shares this guy's views about spreading the wealth as well his distaste for opposing viewpoints.

**Chicago corruption and political thuggery**. Obama has adopted these tactics. Vote early, vote often. Vote the dead. Vote the ineligible. Silence your opponents and those who criticize you by using any means possible to defame, demoralize, destroy them. See: Joe the plumber.

**"Civilian National Security Force"** See Brown Shirts and Fuhrer

**Cocaine**. A drug which Obama admits he used.

**Communists**. There are just too many who are close friends of Obama for any sane person to believe that Obama is not one of them.

**Constitution, U.S.** Obama says that it, like the United States, is "fundamentally flawed." For this reason, among many others, reasonable people should find Obama fundamentally flawed.

**Cuba**. A country which, according to Obama, poses no threat to the US despite its decades of support for Communist terrorism in many nations around the world.

### D

**Defense, United States**. Can a man whose political mentors include Communist Party guru Franklin Marshall, William Ayers, Jeremiah Wright, and whose patriotism is dangerously questionable really be trusted with this task?

**Dohrn, Bernadine**. Another close friend of Obama's who is a virulent hater of the United States and who put her hate into practice with bombs and by killing police officers. Obama thinks she's okay.

## E

**Economy.** It's in trouble now because Obama's pals at ACORN pressured banks to give mortgages to millions of people who couldn't afford them. See also: Raines, Franklin

**Education.** For Obama, education is a synonym for propaganda. His friend, William Ayers is a "Professor of Education" and his theories for using the public education system to promote communism are displayed in his published works.

**Energy.** Obama won't explore for new sources. America's coal, oil and gas will stay where they are while we keep on transferring wealth to Saudi Arabia, Venezuela (see entry under V). Apparently Obama likes the Saudis as much as George Bush.

## F

**Fuhrer.** Brown Shirts helped create one in Germany. Could this be the purpose of Obama's "Civilian National Security Force?"

**"Fairness Doctrine"** See: Unfairness Doctrine. Using this technique, Pelosi, Reid, Obama will deny political opponents access to the airwaves. Newspapers, television shows, Hollywood, which are useful idiots for Obama will be unaffected by these restrictions.

**Freedom.** A concept unappreciated to Obama and his allies. Newspapers which endorse McCain are thrown off the Obama campaign plane. Reporters who ask serious questions of Obama's team are slandered, investigated and denied access. Say "goodbye" to individual liberty if Obama becomes president. Also see: Joe the plumber.

## G

**Global Poverty Act.** This is the title of one of the few bills Obama has ever introduced in his approximately 140 days in the US Senate. It would require the US to transfer perhaps \$850 billion each year to corrupt nations around the world, thus weakening our nation to an unprecedented degree. Alleged aim of the bill is to reduce "by one-half the proportion of people worldwide, by 2015, who live on less than \$1 per day." Question: Why couldn't Obama use a little of his own wealth to help out his Kenyan half-brother who subsists on about a dollar a day and lives in a cardboard hut?

**Government.** Under Obama there will be no limit to its size power and threat, nor its ability to destroy your freedom.

## H

**Health Care.** If Obama's plans for socialized health care are implemented the US health care system will decline to the level of utter failure that is the US public school system. Imagine a public health system in which unions comparable to the teachers' unions could determine your right to see a doctor or get treatment.

**Hitler.** Believed he was the Savior of Germany. Set out to impose a "New Order" in Europe. Obama is described by his friend Louis Farrakhan as the "Messiah." Messiah Obama's undefined "change;" Savior Hitler's New Order: What's the difference? No one knows.

## I

**Illegal aliens.** Obama loves 'em. Wants to give them government backed mortgages, drivers licenses so they can board planes and blow up more tall buildings. He wants them to vote (for him). His aunt is an illegal. She lives in Boston. And gave him campaign contributions in violation of federal law.

**Illegal campaign contributions.** Obama loves 'em. That's why he won't release the names of all those donors who gave money in amounts of \$200.00 or less: too many are named "Mickey Mouse," and live in Nigeria.

**Iowa Caucuses.** Obama's supporters brought in voters by the busload from Illinois to vote for him in the caucuses. The fact that this was voter fraud (see "V") was of no concern to Obama. See also: Chicago corruption.

**Iran.** "A small country" which, according to Obama poses no threat to the United States despite its nuclear weapons program.

**Israel.** See it get wiped off the face of the earth if Obama becomes president.

## J

**Jews.** Obama's good buddy, Louis Farrakhan, hates 'em. Could Obama consort with an anti-Semite if he didn't agree?

**Joe the Plumber.** While campaigning in Joe's neighborhood Obama had the bad luck to meet Joe who asked a question about taxes. Obama's bad luck lay in the fact that he let slip his intention to implement tax policies to "spread the wealth," in other words, bring Marxism to America. Obama obtained his revenge for this gaffe by having Ohio bureaucrats illegally utilize law enforcement assets to investigate Joe in order to slander and intimidate him and deter others from questioning the Messiah (see under M).

## K

**Kenya.** It's where his Kenyan grandmother says he was born. It's also where he campaigned for his fellow communist Raila Odinga, a guy who used the same kind of political thuggery that Obama employs. Location of a church in which Odinga followers burned women and children to death.

**Khalidi, Rashid.** Friend of Obama who has long supported PLO anti-Western and anti-Israel terrorism. Like Obama friends Ayers, Dohrn, et al., excuses terrorist acts perpetrated against civilians.

## L

**Liar.** Synonym for Obama

## M

**Marxism.** Utilizes class warfare, suppression of dissent, lies and violence to take control of the levers of power. Many of Obama's friends have admitted they are Marxist. Obama has not yet admitted that this is the faith that motivates him, but see "Liar" under L, and "Spreading the wealth," under S.

**Messiah.** According to Louis Farrakhan, Obama is It.

**Unfairness Doctrine.** Using this technique, Pelosi, Reid, Obama will deny political opponents access to the airwaves. Newspapers, television shows, Hollywood, which are useful idiots for Obama, will be unaffected by these restrictions. Can suppression of free speech on the internet be far behind?

## N

**Neighborhood.** That's where Obama claims his close friends live when he wants to disassociate himself from their extremism. As in: "Ayers is just a guy in my neighborhood." See also: Liar.

**News Media, "mainstream"** includes NY Times, CBS, and NBC et al. Part of the Obama propaganda machine. Losing viewers and readers by the millions each year. Soon to become part of the dustbin of history unless Obama wins and suppresses dissent.

## O

**Obama, Michelle.** Was never proud of the United States until her husband was nominated for president. This might explain why her husband refuses to recite the Pledge of Allegiance at campaign events. Their Allegiance is to the Messiah.

**Odinga, Raila** Obama campaigned for him in Kenya where they were both born.

## P

**PLO** An organization committed to anti-Semitism and extreme violence which too damn many of Obama's friends support.

## Q

**Questions, probing.** Obama hates 'em. He only likes softballs. Is unable to tolerate real questions because he might reveal his true Marxist leanings. See for example, Joe the Plumber.

## R

**Radicals, Rules for.** A book by Saul Alinski which details the methods Marxists should use to undermine America from within. Its techniques have been successfully used by Obama allies such as Ayers, Acorn, et al., and by Obama himself (see for example Iowa caucuses and Voter fraud.

**Raines, Franklin.** CEO of Fannie Mae from 1999 to 2004. During that time he implemented ACORN/Obama policies to give mortgages to unqualified people, thus precipitating the economic catastrophe of 2008. Earned ninety million dollars in salary and bennies for his contributions undermining (See Radicals, Rules for) the US economy. Washington Post on July 16, 2008, reported that Raines had given advice to Obama campaign on "mortgaging and housing policy matters."

## S

**Socialism.** Actually, at one time there was a thing called "Democratic Socialism," and its adherents were true enemies of Communists and Marxists, who supported totalitarian Socialism. Authentic democratic socialism died with the utter failure of its policies in many nations. Afraid to admit their true Communist beliefs, "socialism" has been adopted by people like William Ayers, Castro, Hugo Chavez, and Obama to conceal their radical, totalitarian agenda.

**Socialized Medicine.** What Obama wants. If you think the American system of public education is a failure, wait until you need an MRI pronto and you have to wait six months because there aren't enough MRI machines available under government run health care.

**Stealing Elections.** See Iowa Causes; Radicals, Rules for; Chicago corruption; liar, Marxism.

**Supreme Court, U.S.** The power to appoint judges to this and other federal courts is the most frightening power, among many, many frightening powers and abuses of power that a president Obama would have.

## T

**Taxes.** "The power to tax is the power to destroy," said US Chief Justice John Marshall in 1819. Its destructive power is understood by Obama and he will fully exploit it to destroy the United States as we know it.

## U

**United Nations.** The people who work there hate the United States. Appropriately they are supporting Barack Obama for president. Draw your own conclusions.

## V

**Voter Fraud.** See Iowa Caucuses; Chicago corruption; Radicals, Rules for; Marxism; Odinga; News media, mainstream; Acorn; stealing elections.

**Venezuela.** One of the countries that Obama calls “small and not a threat” to the United States. This could be because Obama is a fan of that nation’s president, Hugo Chavez, his spread the wealth policies, and the way he is destroying democracy in that nation.

## W

**Wright, Rev. Jeremiah.** A rabid hater. Obama admits that he attended his church twice a month for twenty years. Claims he never heard Wright spew the anti-American, anti-white hatred for which he has become infamous. (see Liar) Wright performed the marriage ceremony for Obama et ux., baptized his children. Despite this long term, and close association Obama thinks we’re dumb enough to believe that he “never knew” the guy was a racist. See also: Neighborhood.

## X

**Xenophobe, Obama is a.** In the sense of that word as describing the people of another nation, Obama is clearly a xenophobe. The policies he would implement show a hatred for the people of the United States, and since Obama is a citizen of Kenya, we are, to him, foreigners.

## Y

**Youth.** American children have been shown in videos across the Web, singing and chanting the praises of Barack Hussein Obama. There is an eerie and frightening similarity to the films we have seen of similar events in North Korea, Nazi Germany, Communist Cuba, and other totalitarian states.

## Z

**Zimbabwe** This is a country on which Obama has based his Marxist share the wealth philosophy. And look what Marxism has accomplished there. It has transformed that sad nation from the largest exporter of food on the African continent, to one that is starving and reliant on the charity of the West. Its ruler, Robert Mugabe, has utilized the techniques of suppression of dissent that we have already seen Obama use in his campaign for power. Like Obama, Mugabe considers himself a Messiah.

Note: The above list is far from complete. In fact it is a list that, like knowledge itself expands without end as we learn more.

AND FINALLY ONE FACTOR THAT ***HAS ABSOLUTELY NOTHING*** TO DO WITH MY DECISION NOT TO VOTE FOR OBAMA: RACE.

The race of a candidate for public office does not affect my vote. The only candidate who persists in bringing up this issue is Obama. I could not care less about the skin color of Obama’s “white grandmother,” nor about the skin color of Obama.

It’s not the color of Obama’s skin I care about, it’s the color of his politics. And that color is red.
